

PRODUCT AND LABOUR SAFETY POLICY

The goal of PL Beauty Cosmetics Kft is to produce toiletries satisfying the needs and expectations of its customers and guarantee their full-scope safety.

PL Beauty Cosmetics Kft. is fully committed to

- complying with the legal regulations concerning the safety of produced toiletries,
- providing complete health and safety conditions to all its employees as a basic factor in product safety,
- providing regular training for employees in order to create professional, conscious attitude towards product safety.

The PL Beauty Cosmetics Kft makes every effort to apply a technology which is up-to-date and careful.

The status of the machinery, equipment and buildings is basic to ensure the product safety, therefore PL Beauty Cosmetics Kft feels itself obliged to improve its technical and technological approaches.

Our employees are expected to attend and actively participate on each training and to keep all regulations regarding the personal and technology hygiene.

PL Beauty Cosmetics Kft intends to form a mutually fruitful cooperation with the suppliers. Our suppliers are expected to

- provide continuous supply to our company with raw- and packaging materials which are safe and comply to product safety regulations
- establish and implement an approach of the Hazard Analysis of Critical Control Points system
