ABOUT US

The way we work

Our mission is to serve our clients' needs according to the highest standards in the field of Private Label Cosmetics and Cosmetic Contract Manufacturing. Our vision is simple: become the No. 1 supplier for our customers by building up and managing long-term partnerships with them. We are confident that we can achieve outstanding success in business relationships with our partners not only if we produce and deliver high-quality goods but also by providing valuable marketing, commercial, logistical and technological support.

FULL SERVICE

Custom-made solutions

From initial concept to the final product, in each phase you will be guided by experienced professionals who will take care to create products which entirely match your imagination or benchmark. Thousands of own existing formulas ensure a very fast response to incoming enquiries, and thanks to our fully-equipped New Product Development Lab we are capable of meeting the custom-made demands as well. Wherever your products will be positioned, the output will surely suit your marketing aims. We offer overall management of your projects, including formulation, product design, testing and regulatory assistance.

- market research
- creative management
- complete sourcing
- packaging and label design support
- product formulation and stability
- external panels
- legislative and regulatory compliance
- full control of procurement process
- dedicated warehouse for incoming raw materials and packaging

QUALITY MANAGEMENT

Quality first

Quality, hygiene and product safety are our top concerns. In the field of development, manufacture and distribution of cosmetic goods, our Quality Management System operates in accordance with the standard ISO 9001:2008. In addition, as a manufacturer of Private Label Cosmetic Goods, PL Beauty is accredited with the BRC Global Standard - Consumer Products. These certificates are reviewed yearly by an independent quality certification body. Our manufacturing system, testing, measuring methods and instructions are in continuous conformity with current pre-packaged cosmetic labelling regulations, allowing our products to carry the EEC designation. As a result of our commitment to ethical business, the site successfully passed the SEDEX Members Ethical Trade Audit as well. Furthermore, our procedures are compatible with GMP (Cosmetic Good Manufacturing Practise).

PRODUCT DEVELOPMENT

Developed for you

Our management services cover all aspects of development activities including product design, formulatory, stability and packaging compatibility testing and regulatory assistance. In our NPD Lab, in accordance with the concepts defined by the customers, qualified chemist and microbiologist professionals develop and test the new formulas, utilizing only quality-controlled raw materials from certified suppliers. Providing several tests before standardised production ensures the best performance and full compatibility of our products. We can also supply you with in-house stability test at different temperatures, product safety assessment and product information packing.

CAPABILITIES

You can benefit from a well-equipped and high capacity manufacturing area with more than 15 modern machines.

Total site area: 8.800 m²

Mixing area: 450 m²

Emulsion mixing area: 220 m²

Surfactant mixing area: 230 m²

Filling area: 1.100 m²

Emulsion filling area: 110 m²

Surfactant filling area: 990 m²

- cold mix surfactant production up to 5 tons batch size

FACE CARE

Proper skin care for the face requires a commitment to several essential products that help you achieve healthy and flawless skin. Whether you are looking for face care solutions for normal, dry, oily, combination or sensitive skin types, our product lines offer plenty of options to cover the steps from cleansing to nourishment and hydration. Take great care of your skin with our cleansing gels and foams, make up removers, gentle facial scrubs and peelings, masks and serums, face and eye care creams and gels for all skin types!

- face creams • eye creams • eye makeup removers
- cleansers • scrubs • masks • moisturisers • bb/cc

BATH AND BODY

Our body care range will definitely make both you and your skin feel good! Pamper your skin and complete your body care routine with our broad range of bath and body products. You can keep your skin looking great and feeling fresh with a large selection of nourishing body lotions and oils, invigorating shower gels, body washes, bath foams, exfoliators and refreshing body mists and roll-on deodorants. Our selection of skin care products features numerous solutions to combat any skin issues and to relieve your skin from head to toe.

- shower/body wash • bath foam
- body lotions • liquid soaps
- intimate washes • mists
- oils • roll on

HAND CARE

From shutting the alarm clock off in the morning till the last caress of your loved ones in the evening, your hands work hard every day. They deserve a lot of care and devotion to make sure they will serve you pleasingly the next day as well. If you want to avoid the appearance of the signs of dryness and aging on your hands, lavish them with our nourishing hand creams, cleanse them with our hand sanitizers and protect them with our hand and nail treatments.

FOOT CARE

From rough, cracked skin to calluses and intense sweating, your feet can suffer from a variety of problems. Foot care products are essential in maintaining proper foot health and everyday well-being, because when you feel uncomfortable about your feet, you may find wearing any kind of footwear undesirable. Our foot care products will help prevent, reduce and treat unhealthy foot conditions, as well as rejuvenate, enhance and maintain active feet. So whether you are looking for products to eliminate foot odor, rough heels or calluses, or just to enhance your foot and toe nail care, you can have plenty of products to choose from.

- balms • sprays

SUN CARE

Spending a day outside hiking or just hanging around on the beach always seems to be a fun way of passing your free time. But the sun's harmful rays can easily ruin your pleasant day out there with the often painful side effects of sunburn. Reduce the risk of developing dangerous skin conditions as well as undesirable sun damage with the help of our sun care products. Choose from our suntan or sunscreen creams, lotions or gels in order to protect your skin whenever you expose it to sunshine, or alleviate the irritation caused by a day outside without the proper protection.

• before... • after...

BABY & KIDS

A healthy and safe skin care routine for your child revolves around the word 'gentle'. The young skin of children requires especially tender treatment. The carefully formulated baby products are non-irritating to the soft skin of the youngest with selected ingredients that are mild and delicate. Our baby and kids skin care product range includes bath liquids, tearless shampoos, nappy creams, nourishing body lotions and oils that are going to leave both of you smiling.
